#### **Press F4 : Manage Local TDL** to get below screen

- Load TDL files on startup = Yes
- List of TDL files to preload on startup = Signature on Invoice.tcp

	TDL Configuration
Load TDL files on startup	? Yes
List of TDL files to preload on startup	: Signature on Invoice.tcp

Now make a signature with your rubber stamp on a blank paper and take photo or scan it.

Your signature image size should be **300px x 76px**, you can make it in a paint as shown in below snapshot.

+ 1 <u>□</u>	1☐ 300 × 76px 🖾 Size: 9.6KB		100% 🕞 📃 🕀

(Click on Resize Option)

Now create a folder anywhere in your computer and put your signature image in it (JPEG/JPG format only).

Or you can put the signature under Tally.ERP9 folder also

All set, now let's take an Invoice printout....your stamp & signature will be displayed in the place of signature box.

We hope this utility will add values to your business & get rid of doing manual signatures on each invoices.
